

Endoscopy and 48-Hour Bravo PH Prep Instructions

Location: Piedmont Hospital

Report directly to the hospital GI Lab in 77 building on _____ at _____ am/pm.

Enter at Collier Road entrance. Park in the “North” parking deck. Take elevator to the bridge level (BR). Sign will say “Bridge to Hospital”. Get off at the bridge level.

Walk over the glassed in covered bridge. Turn right and then left. Look for sign to GI Lab. Check in at the window when you enter the GI Lab. You will be registered there.

OR

Location: Digestive Healthcare Endoscopy Lab (Our Office)

(Building 95, Suite 4075) Report to the office on _____ at _____ am/pm.

Enter at the Collier Road entrance. Park in the “South” parking deck. Take the elevator to the “Orange Level”. Cross over the glassed in covered bridge.

You are now in the 95 building. You do not have to check in at the hospital. Go up to the 4th floor and look for Suite 4075. Sign in at the window.

If someone is sitting at the window, let them know you have arrived.

Procedure Preparations

Nothing to eat or drink after midnight the night before your procedure. If your procedure is after noon, you may have 8 oz of clear liquid before 8 am then nothing by mouth.

Because you will be sedated, you cannot drive after the procedure is over. You must have someone to drive you home after the procedure or it will not be performed. This is for your safety. You may not take a taxi by yourself or ride the bus. You may have a friend/family member pick you up at the 95 building pick up area. If you give us a phone number when you are being admitted, we will be happy to speak with the person driving you home and call them to arrange a time to meet them. You will be with us approximately 2 ½ hours.

You should not take any Aspirin, Motrin or like medications 10 days prior. No Plavix for 5 days before the procedure. If you are on Coumadin, you must get your doctor’s permission to stop this drug. We will let you know when you can start back on it. Stop taking Vitamin E 7 days prior to your procedure.

Unless you were instructed by your physician to continue antacid medication, such as Prilosec, Prevacid, Protonix, Aciphex, and Nexium, must be discontinued 10 days prior to your study. Do not take H2 blocker

medication such as Zantac, Pepcid, Tagamet or Axid 48 hours prior to the study. You may an antacid like Tums, Maalox, Gaviscon, Mylanta or Roloids up until midnight the night before your procedure.

PLEASE NOTE:

- Wear comfortable clothes to procedure.
- Bring your insurance card with you.
- Bring a list of your current medications.
- Leave your car keys and parking ticket with your driver.
- If you have any special needs, please notify staff prior to your procedure (Interpreter, pacemaker, internal defibrillator, latex allergy).
- If you are a Diabetic, please bring your Insulin and Insulin syringes with you. We will check your sugar before and after the procedure and may need to give a dose.

If you have any questions or need to cancel, please call 404-355-3200. Thank you.

When you receive your statement from this procedure, there will be an invoice for the doctor's fee, an invoice for the endoscopy center (supplies and nursing care), anesthesia invoice for Propofol and you may receive a separate bill from the Pathology laboratory if biopsies are obtained.

If you have any questions regarding insurance or pre-certification, please call our billing office at 404-603-3543.

**If your insurance does not cover this procedure and you have been notified that there is a deductible or Coinsurance that you need to pay, please bring a credit card (VISA, MC or AMEX only) or a check.

***Digestive Healthcare of Georgia Endoscopy center is co-owned and operated by The Physicians of Digestive Healthcare and Piedmont Hospital. ***
